EXPERIENCE

Material Flow, Donald, OR — *Junior Web Developer*

January 2017 - PRESENT

Helped develop 33 satellite websites, wrote clear documentation to help other developers understand code, and establish workflow.

Accomplishments include:

- Helped build mobile-responsive functionality into websites
- Built web pages from mockups
- Learned C# and Visual Studios on the job

Hawaii-Aloha, Hawaii — *Front End Developer*

March 2017 - PRESENT

Worked as a freelance front-end developer for Hawaii-Aloha. Collaborated remotely, part-time with the Senior Developer in efforts to overhaul website.

Accomplishments include:

- Writing CSS styles from scratch
- Maintained clear communication with remote Senior Developer
